

Safeguarding Statement

Our goal is to promote good safeguarding practise for members of Cambridge Diving Development Centre (CDDC). CDDC includes all activities of Learn to Dive (LTD) and the Cambridge Dive Team (CDT).

CDDC is committed to providing a caring, friendly and safe environment for all our members, so that when they participate in club activities, they do so in a relaxed and secure atmosphere.

CDDC fully endorses and operates in accordance with Swim England's Child Protection Policy (Wavepower 2020-2023: Child safeguarding policy and procedures for clubs). CDDC adheres to the Swim England Photography and Filming Guidance, which can be found in their Wavepower document (Pages 86-88); to the GLL Photography Policy; and to the Dryland Policy.

The aim of Wavepower is to safeguard all children in line with current legislation, regulations and guidance and is for use within any Swim England affiliated organisation where children are present.

Wavepower consistently emphasises that the responsibility for child safeguarding in our sport belongs with all those involved in our sports and is not the sole responsibility of any one person at local, county or national level.

This document will be updated in 2023, but when updates or changes take place either in Swim England or through statute or governmental guidance these will be published on the website.

This document should be read in conjunction with the following additional documents .
